CE Declaration of Conformity

We Spraymation Inc. declare that the industrial equipment products listed below:

374501 is a heated, high pressure, high speed fluid dispensing valve used to dispense and air atomize fluids in industrial applications.

See GR 374500 for full description, installation and operating instructions.

This item conforms to the following standards, directives or publications:

Standard	Date	Standard Title
EN-60204-1	2006	Electrical Equipment of industrial Machines
2006/95/EC	2006	Low Voltage Directive
2006/42/EC	2006	Machinery Directive
EN-13732-1	2008	Ergonomics of the Thermal environment – Methods for the assessment of human responses to contact with surfaces

Spraymation is registered ISO9001:2008 by LGA, certificate #QM_1891492 that expires on 1/12/2013.

CE mark is displayed on this item.

Design and Safety data are complete for this item, have been reviewed, are current, and conform to the standards and details listed above. The manufacturing and testing documents support and will maintain the indented design and quality.

Approved David Kerzel
Title Chief Engineer
Date Approved October 29, 2010

This CE Declaration of Conformity may be used with new items until October 20, 2015 when the design, safety data, standards and directives must be reviewed.
